Gift of Fire is ideal for courses in Computer Ethics and Computers and Society. In this revision of a best-seller, Baase explores the social, legal, philosophical, ethical, political, constitutional, and economic implications of computing and the controversies they raise. With a computer scientist's perspective, and with historical context for many issues, she covers the issues readers will face both as members of a technological society and as professionals in computer-related fields. A primary goal is to develop computer professionals who understand the implications of what they create and how it fits into society at large.

This timely revision will feature the latest Internet issues and provide an updated comprehensive look at social and ethical issues in computing from a computer science perspective.

The #1 New York Times bestselling series continues! Snowfall didn't expect to be queen of the IceWings at such a young age, but now that she is, she's going to be the best queen ever. All she has to do is keep her tribe within IceWing territory, where it's safe -- while keeping every other tribe out, where they belong.It's a perfect and simple plan, backed up by all the IceWing magic Snowfall can find. That is, until a storm of unidentified dragons arrives on her shore, looking for asylum.The foreigners are completely strange and, Snowfall is certain, utterly untrustworthy. But as she escorts the miserable new tribes out of her kingdom, Snowfall is forced to reconsider her plan. Maybe she can only keep her tribe safe . . . if she's willing to risk everything.

The #1 New York Times bestselling Wings of Fire series soars to new heights in the fourth graphic novel adaptation!

In a society that purges thirteen-year-olds who are creative, identical twins Aaron and Alex are separated, one to attend University while the other, supposedly Eliminated, finds himself in a wondrous place where youths hone their abilities and learn magic.

A New York Times Notable Book | Lambda Literary Award Winner | Long-listed for the PEN Open Book Award "Charles Blow is the James Baldwin of our age." - Washington Blade "[An] exquisite memoir . . . Delicately wrought and arresting." - New York Times Universally praised on its publication, Fire Shut Up in My Bones is a pioneering journalist's indelible coming-of-age tale. Charles M. Blow's mother was a fiercely driven woman with five sons, brass knuckles in her glove box, and a job plucking poultry at a factory near their segregated Louisiana town, where slavery's legacy felt close. When her philandering husband finally pushed her over the edge, she fired a pistol at his fleeing back, missing every shot, thanks to "love that blurred her vision and bent the barrel." Charles was the baby of the family, fiercely attached to his "do-right" mother. Until one day that divided his life into Before and After--the day an older cousin took advantage of the young boy. The story of how Charles escaped that world to become one of America's most innovative and respected public figures is a stirring, redemptive journey that works its way into the deepest chambers of the heart. "Stunning . . . Blow's words grab hold of you . . . [and] lead you to a place of healing." - Essence "The memoir of the year." - A. V. Club

A riveting, deeply personal account of history in the making--from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency--a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective--the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

When Starflight is kidnapped by the NightWings he finds that the kingdom of his birth is a miserable place, full of terrible secrets--and that, with his fellow dragonets--and that, with his fellow dragonets--and that, with his fellow dragonets rests in his talons.

The National Fire Protection Association (NFPA) And The International Association Of Fire Chiefs (IAFC) Are Pleased To Bring You The Second Edition Of Fire Officer: Principles And Practice, A Modern Integrated Teaching And Learning System For The Fire Officer I And II Levels.
