This textbook offers a new approach to understanding social theory. Framed around paired theoretical perspectives on a series of sociological problems, the book shows how distinctive viewpoints shed light on different facets of social phenomena. The book includes sociology ' s "founding fathers", major 20th-century thinkers and recent voices such as Butler and Zizek. Philosophically grounded and focused on interpretation and analysis, the book provides a clear understanding of theory ' s scope while developing students ' skills in evaluating, applying and comparing theories.

The start of World War 2 changed women ' s lives and their place in Australian society forever. Thousands of women ventured where few had gone before — into the services and workplaces previously considered the sole preserve of men. In preparation for her book *Between the Dances*, Jacqueline Dinan, interviewed over three hundred women around Australia to collect the last first hand stories from World War 2. Revealing poignant and personal conversations, photographs and letters, *Between the Dances* is a testament to real life during World War 2. From Malta to Australia, New Zealand to the UK, the challenges and adventures faced by these women were unprecedented. Their passion, courage, resilience and commitment during wartime were all a precursor to the astonishing changes brought about by this incredible generation. For the first time, women were doing their bit as nurses in war zones, members of the services, farmhands, factory workers or volunteers in community service. The last tradition left was the weekly dance, which ceremoniously brought these courageous women and men together for a quickstep, fox trot and brief respite from the rigours of wartime. The accounts are enhanced by poignant, amusing and insightful anecdotes along with scores of previously unpublished and unique photographs from personal albums. Jacqueline ' s former experience was in corporate and art communications and events, before she embarked on her own public relations and events business. Now a regular speaker with the Country Women ' s Association, Australian Rotary Clubs, Legacy, Red Cross and Memorial groups, Jacqueline has become a well-known figure amongst The Returned & Services League of Australia.
