10.1016/j.spinee.2004.01.007 2020-06-11 00:00:00 The tenth edition of Campbell's Operative Orthopaedics rises to the challenge of providing a text that is mainstream, accurate, accessible to a wide range of readers and current. Such demands are particularly important to this text because, as "the book," it will be read carefully and thoroughly and will serve as the basis on which the current generation of those training in orthopedics and related specialties will build their knowledge of ...
