The authoritative resource for concise, chronological coverage of all the major sociological criminological theories This book provides all of the key principles of the most researched theories in the field of criminology in a concise, clearly written, and economical format. For over 30 years Williams and McShane's Criminological Theory has been one of the most well-respected resources for undergraduate and graduate students nationwide, much appreciated for its strong research orientation and detailed research bibliographies that show the relationship between theory, research, and policy. Chapters are logically arranged with the social, cultural, and political context necessary to maximize understanding of the times that generated and supported the various theories presented. The book provides a chronological map tracing the development of

each theory in relation to its predecessors and its role in the evolution of future theories. Each chapter ties into the preceding and subsequent chapter, making the theories that are meaningful to criminology today more cohesive. As a result, by understanding the relationship between early and present theory, students see the role played by the theorist more realistically, and can see themselves participating in theory as others before them have done.

Criminological Theory: Past to Present--Essential Readings is a comprehensive reader that exposes students to both classic and contemporary theories of crime. Editors Francis T. Cullen, Robert Agnew, and Pamela Wilcox provide accessible yet detailed introductions, preparing students for what they are about to read and placing each selection in context.

The authors also examine the research and policies that were inspired by each theory. Specifically designed to suit one-semester courses, students and instructors alike will appreciate the text's straight-forward approach, clear language, and comprehensive coverage.

In *Criminological Theories*, the noted criminologist Ronald Akers provides thorough description, discussion, and appraisal of the leading theories of crime/delinquent behavior and law/criminal justice - the origin and history of each theory and its contemporary developments and adherents. Akers offers a clear explanation of each theory (the central concepts and hypotheses of each theory as well as critical criteria for evaluating each theory in terms of its empirical validity). Researchers and librarians, as well as general

readers, will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts.

With a focus on empirical evaluation and practical application, *Criminological Theories: Introduction, Evaluation, and Application, Sixth Edition*, helps students draw connections between criminological theory and practical applications. In clear, engaging language, authors Ronald L. Akers and Christine S. Sellers explore each principal criminological theory using a three-part analysis: * An Introduction presents a succinct exposition of the theory's central concepts, assertions, and hypotheses. * Next, an Evaluation provides a detailed critique of the theory, with an emphasis on empirical validity. * Finally, an Application extends the evaluation to determine each theory's relevance, as well as its potential for

controlling and preventing crime and delinquency.

The new sixth edition of Criminology provides students with a comprehensive analysis of the major criminological theories. Drawing on a wide range of research in order to consider both sociological and psychological explanations of criminal behaviour, Jones poses the important questions, inviting readers to critically engage with the subject. Thoroughly referenced and written in a clear and accessible style, this book provides the firm foundation of knowledge that students need to develop a strong and secure understanding of criminological theory.

This first Canadian edition of *Crime and Criminology: An Introduction* combines Canadian empirical research, policy, and

legal issues to create a thoroughly Canadian text. Ideal for university and college students enrolled in introductory criminological theory courses, the book offers a solid foundation to criminology which unites traditional theories of crime with contemporary approaches and perspectives. By relating theory to everyday Canadian examples and events, students gain a solid grounding in the major theoretical considerations of the nature and causes of criminal behaviour. New discussion on ecology and environmental theories are unique to this edition. Updated references reflect recent research in emerging fields of criminology.

"The standard text in the field, Vold's Theoretical Criminology is universally known by scholars in the discipline. Taking a largely historical approach, it discusses both classic and contemporary
