Building Surveyors near Islington, Central London ...

According to "Drawing and Detailing with SolidWorks 2010" by David and Marie Planchard, "the ASME Y14 practices supersede the American National Standards Institute ANSI standards." ANSI has directly adopted ASME geometric tolerancing and drawing size standards. ASME 14.100 is the standard for engineering drawing and practices.

Standard Engineering Drawing Practices

An engineering drawing is a type of technical drawing that is used to convey information about an object. A common use is to specify the geometry necessary for the construction of a component and is called a detail drawing. Usually, a number of drawings are necessary to completely specify even a simple component.

Engineering drawing - Wikipedia
