The Ford Kent is an internal combustion engine from Ford of Europe. Originally developed in 1959 for the Ford Anglia, it is an in-line four-cylinder overhead-valve-type pushrod engine with a cast-iron cylinder head and block. The Kent family can be divided into three basic sub-families; the original pre-Crossflow Kent, the Crossflow, and the transverse mounted Valencia variants. The arrival of the Duratec-E engine in the fifth generation Fiesta range in 2002 signalled the end of the engine ...
