John Henry is an African American folk hero. He is said to have worked as a "steel-driving man"—a man tasked with hammering a steel drill into rock to make holes for explosives to blast the rock in constructing a railroad tunnel. The story of John Henry is told in a classic folk song, which exists in many versions, and has been the subject of numerous stories, plays, books, and novels.

Earl Henry Hamner Jr. (July 10, 1923 – March 24, 2016) was an American television writer and producer (sometimes credited as Earl Hamner), best known for his work in the 1970s and 1980s as the creator of two long-running series, The Waltons and Falcon Crest. As a novelist, he is best known for Spencer's Mountain, which was inspired by his own childhood and formed the basis for both the film of the same name and the television series The Waltons, for which he provided voice-over narration.

Goodnight: 'Jim-Bob' Hamner dies at 67. The youngest child in the beloved '70s television series The Waltons was called Jim-Bob. On April 1, the real-life Jim-Bob— James E. Hamner— who lived most of his life in the family home in Schuyler, died in the arms of his sister Audrey. For thousands of Waltons' fans who poured into Schuyler to visit the Walton's Mountain Museum and the Hamner homeplace, he was the living embodiment of the Waltons.

Earl Henry Hamner Jr. (July 10, 1923 – March 24, 2016) was an American television writer and producer (sometimes credited as Earl Hamner), best known for his work in the 1970s and 1980s on the long-running CBS series *The Waltons* and *Falcon Crest*. As a novelist, he was best known for *Spencer's Mountain*, which was inspired by his own childhood and formed the basis for both the film of the same name and the television series *The Waltons*, for which he provided voice-over narration.

In the early 1880s a disastrous plant disease diminished the yields of the hitherto flourishing coffee plantation of Ceylon. Coincidentally, world market conditions for coffee were becoming increasingly unfavourable. The combination of these factors brought a swift end to coffee cultivation in the British crown colony and pushed the island into a severe economic crisis. When Ceylon re-emerged from this crisis only a decade later, its economy had been thoroughly transformed and now rested on the large-scale cultivation of tea. This book uses the unprecedented intensity and swiftness of this process to highlight the socioeconomic interconnections and dependencies in tropical export economies in the late nineteenth century and it shows how dramatically Ceylonese society was affected by the economic transformation.

Examines utopian community building from the Ephrata Cloister (1732) to today's religious intentional communities.

The life and times of Helena Blavatsky, the controversial religious guru who cofounded the Theosophical Society and kick-started the New Age movement. Recklessly brilliant, Helena Petrovna Blavatsky scandalized her 19th century world with a controversial new religion that tried to synthesize Eastern and Western philosophies. If her contemporaries saw her as a freak, a charlatan, and a snake oil salesman, she viewed herself as a special person born for great things. She firmly believed that it was her destiny to enlighten the world. Rebelliously breaking conventions, she was the antithesis of a pious religious leader. She cursed, smoked, overate, and needed to airbrush out certain inconvenient facts, like husbands, lovers, and a child. Marion Meade digs deep into Madame Blavatsky's life from her birth in Russia among the aristocracy to a penniless exile in Europe, across the Atlantic to New York where she became the first Russian woman naturalized as an American citizen, and finally moving on to India where she established the international headquarters of the Theosophical Society in 1882. As she chased from continent to continent, she left in her aftermath a trail of enthralled followers and the ideas of Theosophy that endure to this day. While dismissed as a female messiah, her efforts laid the groundwork for the New Age movement, which sought to reconcile Eastern traditions with Western occultism. Her teachings entered the mainstream by creating new respect for the cultures and religions of the East—for Buddhism and Hinduism—and interest in meditation, yoga, gurus, and reincarnation. Madame Blavatsky was one of a kind. Here is her richly bizarre story told with compassion, insight, and an attempt to plumb the truth behind those astonishing accomplishments.

First Published in 1995. Routledge is an imprint of Taylor & Francis, an informa company.

"The Oregon Trail: Sketches of Prairie and Rocky-Mountain Life" by Francis Parkman. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

"If this work is of men it will come to nothing: but if it is of God, you cannot overthrow it " -Rabbi Gamaliel, Acts 5:38?39 Was Theosophical Society founder Helena P. Blavatsky a prophetess or charlatan? Since the 1870's detractors have lambasted both her character and ideas. Yet, H.P.B.'s reputation has continued to grow. Theosophy's non-dogmatic and ecumenical approach to spirituality offers 21st Century seekers a viable alternative to religious fundamentalism. Today thousands of people on every continent belong to the Theosophical Society. All of Madame's books and articles remain in print. The freshness and wit of her letters make them seem as if they were written yesterday. Though controversial, she's withstood time's test. Madame Blavatsky Revisited tells H.P.B.'s remarkable story in an entertaining manner.
