The manual contains separate sections for vehicle service, engines, converters, track drive, track and suspension, and skis and steering.

Game Design Foundations, Second Edition covers how to design the game from the important opening sentence, the One Pager document, the Executive Summary and Game Proposal, the Character Document to the Game Design Document. The book describes game genres, where game ideas come from, game research, innovation in gaming, important gaming principles such as game mechanics, game balancing, AI, path finding and game tiers. The basics of programming, level designing, and film scriptwriting are explained by example. Each chapter has exercises to hone in on the newly learned designer skills that will display your work as a game designer and your knowledge in the game industry."

Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. It sets out the principles and practice of Boal's revolutionary Method, showing how theatre can be used to transform and liberate everyone – actors and non-actors alike! This thoroughly updated and substantially revised second edition includes: two new essays by Boal on major recent projects in Brazil Boal's description of his work with the Royal Shakespeare Company a revised introduction and translator's preface a collection of photographs taken during Boal's workshops, commissioned for this edition new reflections on Forum Theatre.
