exactly like me. Intelligent. Focused. Serious. But he's not the man I imagined. His reality is cruel and dark. He traps me in his web, his power twisting tighter the more I struggle, until it's hopeless. I can't break free. As he drags me unwillingly into his filthy world, I can't ignore the terrifying idea circling my mind. What if I belong here with him?

It was his lips. The way his stare sent shivers down my spine. The way his rough voice whispered my name. So I caved. I did what I knew I shouldn't. But as quickly as he's there, he's gone. Leaving me confused. Devastated. I hope I'll never see him again... Then I do. He's my new boss. And he has secrets.

like nothing more than to run away – from the prying eyes of the public, from the political schemes unfolding all around her, and, perhaps most of all, from the painful memories of Carter Thorne, the man who stole her heart without asking for permission. But running isn't an option; not when there's an empire to rule. So, Emilia does the only thing she can: puts on her crown, slaps on a smile, and acts like the steady sovereign her shaken subjects need her to be. Non sibi sed patriae. Not for self, but country. After everything that's happened to her in the past few months, Emilia assumes she's made it through the worst. She's wrong. The danger is closer than ever. Unforeseen enemies are lurking just out of sight, determined to put an end to the Lancaster line, once and for all... Their final target? Germania's fiery new queen. SORDID EMPIRE is the final installment of the breathtaking royal romance romance saga THE FORBIDDEN ROYALS TRILOGY. Pulse-pounding suspense, deadly political schemes, and scorching sexual tension make this final installment utterly un-put-downable!

White House? To have one of the most brazen corruption scandals in American history play out while nobody's paying attention? And for that scandal to be all but forgotten decades later? The year was 1973, and Spiro T. Agnew, the former governor of Maryland, was Richard Nixon's second-in-command. Long on firebrand rhetoric and short on political experience, Agnew had carried out a bribery and extortion ring in office for years, when—at the height of Watergate—three young federal prosecutors discovered his crimes and launched a mission to take him down before it was too late, before Nixon's impending downfall elevated Agnew to the presidency. The self-described "counterpuncher" vice president did everything he could to bury their investigation: dismissing it as a "witch hunt," riling up his partisan base, making the press the enemy, and, with a crumbling circle of loyalists, scheming to obstruct justice in order to survive. In this blockbuster account, Rachel Maddow and Michael Yarvitz detail the investigation that exposed Agnew's crimes, the attempts at a cover-up—which involved future president George H. W. Bush—and the backroom bargain that forced Agnew's resignation but also spared him years in federal prison. Based on the award-winning hit podcast, *Bag Man* expands and deepens the story of Spiro Agnew's scandal and its lasting influence on our politics, our media, and our understanding of what it takes to confront a criminal in the White House.
