the practitioner or prayed to the god they thought could cure the ill or bring rain. As the economy rapidly developed, the gods, like the people who worshiped them, diversified: their realm of influence expanded as some gods began to deal on the national grain market and others advised their followers on business transactions. In

order to trace this evolution, the author draws information from temple inscriptions, literary notes, the administrative law code, and local histories. By contrasting differing rates of religious change in the lowland and highland regions of the lower Yangzi valley, Hansen suggests that the commercial and social
